Bespoke content can be created tailored to your requirements, even down to specific games.

Code Red Esports is a worldwide talent agency with both established and up and coming esports broadcasting talent on its roster. Whether you are looking to hire on-air talent or production staff for your event, we can help with rates and experience to suit all budgets and styles.

CLIENTS

Code Red Esports have been privileged to work with some of the biggest brands in gaming and technology. From putting on events to consultancy, we've worked with game publishers, professional gaming teams, event organizers, television channels, online and print publications and educational institutions.

- WHAT OTHERS SAY

"A pleasure to recommend Paul as a true professional in every sense of the word. As part of our ground breaking project and live on screen presentation Paul was at the hub of our collective efforts. Totally dedicated, passionate and always in the right place. All that said he is a pleasure to work with and lot of fun as well. Can't beat that!!"

Mike Burks – Producer FoxSports-DirecTV-TNTSport

"...his broad skill set enables him to productively adapt to a variety of work environments and his positive attitude is continually motivating to any team he is charged with leading. I would highly recommend Paul not only as an amazing worker, leader and visionary but more importantly as a sincere and good person."

Jason Lake - Founder and CEO at Complexity Gaming

"Paul and Code Red Esports have been consulting with our awards from day one. Paul not only helped us shape these awards but volunteered to chair our panel. His integrity, knowledge on the industry and his level of detail is second to none. A pleasure to deal with."

Tom Mercey – Financial Director at MBN Promotions (for Esports Industry Awards)

"I worked with Paul (ReDeYe) on a number of eSports projects. He was always professional and on top of his game. He does an excellent job on live television and stream broadcasts where there is no room for mistakes. He is well respected in the eSports community, and I would definitely hire him for future projects that would need his professional services."

Han Pak – President at Turtle Entertainment America, In North America
